## WHAT DOES THIS MEAN FOR THE CLUB IN CLAYTON COUNTY?

Through the **Rising Together** campaign, investments will be made to reach more kids, more often, and with greater impact. The organization has plans to form more broader local partnerships to support mental health and caregivers with the resources they need as well as support academic recovery efforts due to the pandemic through enrichment tutoring and working collaboratively with our local schools.

The organization will benefit from technology to support STEM programming and cyber security. The campaign will also aid in the development of staff by creating the Centers of Excellence to amplify our Club-wide culture of learning by empowering staff through education, experience, and on-going coaching. The Centers will serve as hubs of innovation where we can test, pilot, and run dynamic programming that we can share with other Clubs in the metro area.

\*For more information on the enhancements that will affect all the Metro Atlanta Clubs, please reference our **Rising Together** campaign brochure.
